

## **2017 STATE OF THE ART SERIES**

MSHO is pleased to continue offering this outstanding lecture series reviewing recent data that has implications for practice. This program was originally developed for oncology fellows prior to their board review, but the outstanding faculty participation and up to the minute curriculum has evolved to make this program valuable to a wider audience. In addition to oncology and hematology fellows, attending physicians, advanced practice providers, oncology nurses and pharmacists will find these concise reviews relevant and beneficial. Program Director, Ulka Vaishampayan, M.D., from the Barbara Ann Karmanos Cancer Institute has recruited distinguished speakers from our comprehensive cancer centers to provide the content and presentations for this update.

There will be **TWO dinner meetings** on **Wednesday, September 20<sup>th</sup>** and **Wednesday, October 18<sup>th</sup>** at Schoolcraft College in Livonia from 6 pm – 9 pm. A light buffet supper will be available at 5:30 pm.

On **Wednesdays, Sept 27<sup>th</sup>** and **October 4<sup>th</sup> and 11<sup>th</sup>** additional sessions will be available via **WEBINAR** from 7 pm – 9 pm.
