- Contact your Genentech representative

### PROGRAM OVERVIEW

Hear about a newly approved first-in-class treatment option for 3L+ follicular lymphoma (FL)

Join us for a special panel discussion on a novel approach to treating patients with 3L+ FL. During this clinical presentation, 3 experts will discuss the unmet needs of patients with 3L+ FL and will review the efficacy, safety, and administration of this new therapy. Learn about the proposed mechanism of action and its potential impact on patients with FL who have received  $\geq 2$  prior therapies.

### PROGRAM OBJECTIVE

Learn about a 3L+ follicular lymphoma treatment.

### INTENDED AUDIENCE

This program is designed for US healthcare professionals who treat follicular lymphoma patients.

### BROADCAST SCHEDULE

The broadcast will be available at various times throughout the day, depending on your time zone. You can reference the chart below for a complete list of broadcast times. Once registered, you may participate in any of the sessions.
