

**NOW ON FORMULARY: FRUZAQLA® (fruquintinib)
and ALUNBRIG® (brigatinib) are Covered at Cigna
Healthcare***

As of 10/1/25, FRUZAQLA® (fruquintinib) and ALUNBRIG® (brigatinib) are covered at Cigna Healthcare**. This means that most commercial patients will have more rapid access to FRUZAQLA and ALUNBRIG and lower co-pays.

With this formulary update, ~95% of commercial lives are now covered for FRUZAQLA and ~99% of commercial lives are now covered for ALUNBRIG¹.

Takeda hopes that this formulary update helps improve patient access and time to treatment start for FRUZAQLA and ALUNBRIG.

Please note, FRUZAQLA's and ALUNBRIG's limited distribution networks remain unchanged. FRUZAQLA and ALUNBRIG can be ordered from Biologics and Onco360 specialty pharmacies or purchased from the following specialty distributors to be dispensed through accounts that have a medically integrated pharmacy: ASD Healthcare, Cardinal Health Specialty Distribution, McKesson Plasma & Biologics, McKesson Specialty Care Distribution, and Oncology Supply.

To learn more about **FRUZAQLA**, please visit fruzaqlahcp.com.

To learn more about **ALUNBRIG**, please visit alunbrig.com/hcp.

For patients with commercial insurance who are concerned about out-of-pocket costs, the Takeda Oncology Co-Pay Assistance Program may be able to help reduce the out-of-pocket costs associated with FRUZAQLA and ALUNBRIG. Terms and Conditions Apply. Visit us at <https://www.takedaoncologycopay.com/> to learn more.

*Subject to Prior Authorization and Quantity Limit. Benefits may vary by individual plans. Coverage is not guaranteed.

*Coverage relevant to your patients may vary and is subject to change without notice. Status is representative of the coverage for the majority of members covered under each plan. This information is not intended to give advice or promise coverage or payment. Contact the plan for more information about current coverage, restrictions, or requirements that may apply.
